

Headteacher: Mr M Hardy

October 2024

Dear Parent

### **Meal Prices**

You will have no doubt noticed the rise in prices we have felt over the last two years and schools are unfortunately not immune from this. We have worked hard over this period to drive efficiency in our school catering to try and stave off any price rises that would affect our students and parents for more than three years.

However, from 4 November 2024 the price of a meal deal will rise from £2.30 to £2.90 with other single items (drinks, snacks, etc) rising in line with this. Whilst I appreciate that the price rise may come as surprise it still represents a lower cost than most schools in the area and below the current Nottinghamshire County Council rate.

Free School Meal students will see no change in their entitlement to a meal, dessert and drink. If you are eligible and have not applied for free school meals I would encourage you to do so. To apply for free school meals please contact Nottingham County Council on: **0300 500 80 80**.

Yours faithfully

Mr D Stevens  
Operations Manager
