

Summer School 2021

During the 2021 school summer holidays The Redhill Academy delivered a series of summer school events. All year 6s that were due to join Redhill were invited to attend the summer school. Each day we hosted students from each of our five houses.

Over the course of the week 170 future Redhill students attended and took part in a range of lessons delivered by Redhill staff. These included lessons in Maths, English, Geography, History, and Music. They also had the opportunity to take part in an inter house outdoor sports competition.

Since the start of the new academic year, the positive impact of the summer school has been clear to see. Our year 7 students have adjusted to life at secondary school extremely well. It has been a pleasure to see them engaging so well in lessons and getting involved with the wide range of extra-curricular opportunities available to them.
